

FELC-KF-5

2.92mm, DC~40GHz

Features:

Applications: * Laboratory Test

- * Low VSWR
- * No welding
- * Reusable
- * Easy installation

Electrical

Frequency: DC~40GHz VSWR: 1.35 max. Impedance: 50Ω

Mechanical

RF Connector: 2.92mm female Outer Conductor: Gold plated brass

> PTFE Dielectric:

Inner Conductor: Gold plated beryllium copper

Environmental

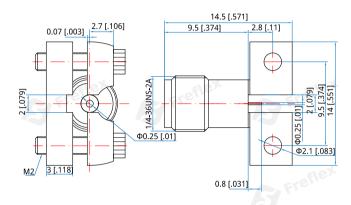

Temperature: -40~+105°C

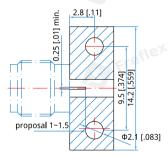

How To Order

FELC-KF-5

Customization is available upon request.

Outline Drawings

Recommended mounting hole size

Unit: mm [in]

Tolerance: ±0.2mm [±0.008in](Screw sleeve)
